

STEEL BLACK DISC BASE DINING

COLLECTION: Table Bases

CFD30-DH

The Steel Black Disc Base (Dining) provides a clean, modern foundation with added stability for everyday dining applications. Its wide, low-profile disc base creates a secure footprint that helps minimize wobble while keeping the area around the table open for comfortable seating and easy movement. The streamlined cylindrical column maintains a simple silhouette and supports generous leg clearance for guests.

Constructed from durable steel for commercial performance, the base includes a reinforced top mounting plate with multiple attachment points to keep tabletops firmly secured. With its balanced proportions and dependable stability, this dining-height base is well-suited for restaurants, cafés, and high-traffic communal dining spaces.

KEY FEATURES:

- ♦ **Heavy-duty steel construction**
Built for lasting performance in high-traffic environments
- ♦ **Wide 30" disc base**
Provides excellent stability and balance
- ♦ **Reinforced 3" post**
Ensures superior structural support
