

CAST IRON BLACK ORNATE BASE DINING

COLLECTION: Table Bases

CFO22

The Cast Iron Black Ornate Base (Dining) brings classic character and commercial-grade stability to dining applications. A sculpted, turned-style center column rises from an intricately detailed four-foot pedestal, creating a strong, well-balanced foundation designed to support a variety of tabletop sizes. The wide stance and substantial weight help minimize wobble, while the low-profile feet promote comfortable leg clearance around the table.

A heavy-duty top mounting plate with multiple attachment points allows for secure fastening and reliable performance in high-traffic hospitality settings. With its decorative detailing and durable cast-iron construction, this base delivers a refined, traditional look while maintaining the strength and stability required for everyday use.

KEY FEATURES:
