COLLECTION: Euro

EU-010AC-SA

The Gideon Armchair (Slim Arm) presents a contemporary silhouette defined by fluid lines and a streamlined, sculptural form. The slim backrest curves gently around the sitter, offering subtle support while maintaining an open, lightweight profile. Integrated arms flow seamlessly into the back, creating a continuous shape that balances comfort with visual restraint.

Designed for versatility in dining and hospitality settings, the contoured seat and supportive back encourage relaxed, upright seating without excess bulk. Slender legs and clean proportions reinforce the chair's airy presence, making the Gideon Armchair an elegant solution for interiors seeking modern comfort with a refined, unobtrusive aesthetic.
