

GIDEON ARMCHAIR WIDE ARM

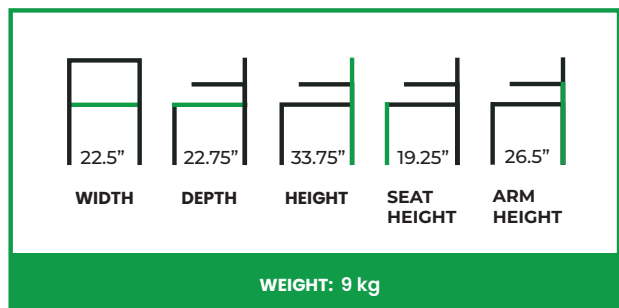

COLLECTION: Euro

EU-010AC-WA

The Gideon Armchair (Wide Arm) offers a more enveloping interpretation of the Gideon silhouette through its broader arm profile and softly contoured backrest. The expanded arm design enhances comfort and visual presence, creating a supportive, lounge-like feel while maintaining the chair's clean, modern lines. Gently curved surfaces wrap around the sitter, providing a sense of ease and stability without appearing heavy.

Designed for dining and hospitality environments that prioritize comfort, the contoured seat and wider arm structure support extended seating while preserving an open, balanced stance. Slender legs and refined proportions keep the overall form light and composed, making the Gideon Armchair (Wide Arm) an inviting, contemporary option for spaces seeking relaxed elegance with thoughtful ergonomic support.
