

GIDEON BARSTOOL

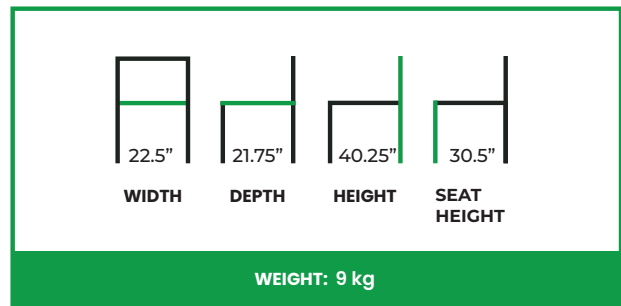

COLLECTION: Euro

EU-010BS

The Gideon Barstool carries the fluid, contemporary language of the Gideon collection into a refined bar-height form. Its gently curved backrest and integrated arms create an embracing silhouette that supports the sitter while maintaining a light, open presence. The sculpted seat and balanced proportions give the stool a poised, architectural profile well suited to modern interiors.

Designed for relaxed, upright seating, the contoured seat and supportive back encourage comfort during extended use. Slender legs and an integrated footrest provide stability without visual heaviness, making the Gideon Barstool an elegant and versatile choice for dining counters, bars, and hospitality environments seeking modern comfort with refined restraint.
