

BERLIN LOUNGE CHAIR

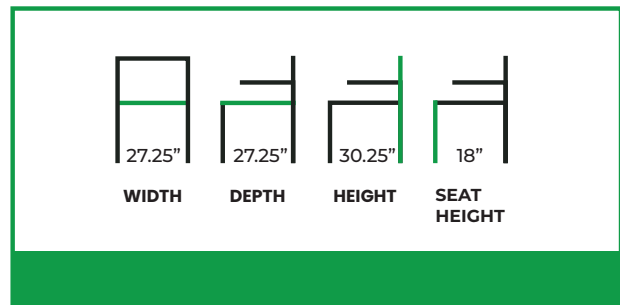

COLLECTION: Euro

EU-1112LC

The Berlin Lounge Chair pairs strong, architectural lines with a softened, lounge-oriented seating form. Its structured outer frame creates a confident, grounded silhouette, while the gently reclined backrest and integrated arms provide a supportive, enveloping seat. The contrast between the defined exterior and the cushioned interior gives the chair depth and visual balance, resulting in a refined yet inviting presence.

Designed for relaxed, extended seating, the generously proportioned seat and supportive back encourage comfort without compromising clarity of form. With its well-balanced proportions and composed stance, the Berlin Lounge Chair is well suited to hospitality lounges, waiting areas, and social spaces that value modern design, durability, and everyday comfort.
