The Cartier Side Chair balances classic proportions with a light, architectural expression. Its clean-lined frame and gently angled backrest create a composed silhouette, while the open, woven back introduces texture and visual transparency. This interplay between solid structure and airy detailing gives the chair a refined presence that feels both elegant and approachable.

Designed for comfortable, upright seating, the supportive backrest and contoured seat provide ease for extended dining. With its thoughtful craftsmanship and restrained form, the Cartier Side Chair is well suited to dining rooms, restaurants, and hospitality interiors seeking timeless design with a sense of openness and material warmth.
