

CARTIER BARSTOOL

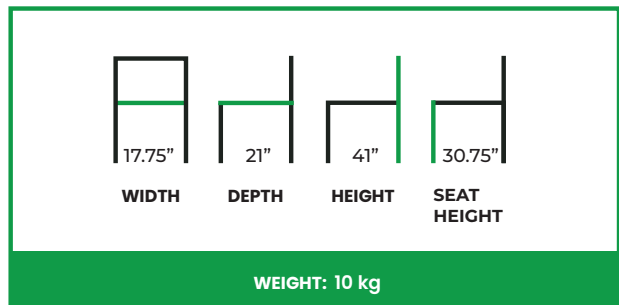

COLLECTION: Euro

EU-618BS

The Cartier Barstool brings a refined, architectural sensibility to bar-height seating through its clean lines and well-balanced proportions. A gently angled backrest and streamlined frame create a composed silhouette that feels both tailored and approachable. Offered with either a fully upholstered back for a more structured, comfortable feel or a netted back design that introduces texture and visual openness, the stool allows for varied expressions while maintaining a cohesive aesthetic.

Designed for comfort and durability in dining and hospitality environments, the contoured seat supports relaxed, upright posture, while the integrated metal footrest provides stability and everyday functionality. With its blend of structure, versatility, and understated elegance, the Cartier Barstool is well suited for restaurants, bars, and hospitality spaces seeking timeless design with adaptable character.
