

KYLO ARMCHAIR WOOD BACK

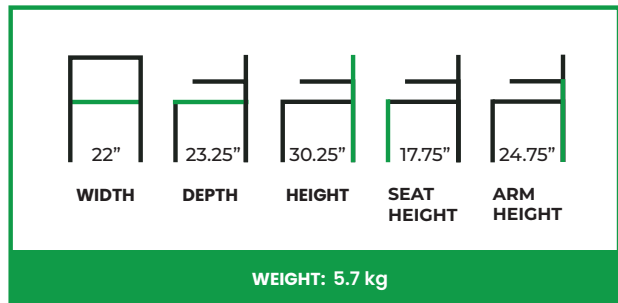

COLLECTION: Euro

EU-925AC-WU

The Kylo Armchair is defined by its clean architectural lines and gently sculpted form, creating a refined balance between structure and comfort. A softly curved backrest and generously padded seat provide supportive seating while maintaining a streamlined, contemporary silhouette. The design is available in two distinct styles, fully upholstered for a soft, tailored expression, or with an exposed wood back paired with an upholstered seat for a more natural, sculptural look.

Crafted with a solid wood frame, the Kylo Armchair features tapered legs and integrated stretchers that reinforce durability while adding subtle structural rhythm to the design. The slim wood arms extend fluidly from the frame, creating an open, inviting profile that enhances visual lightness.
