

KYLO BARSTOOL FULLY UPHOLSTERED

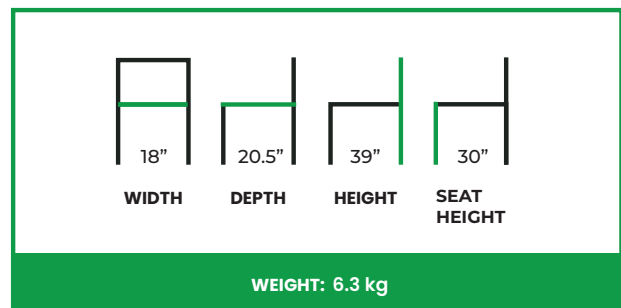

COLLECTION: Euro

EU-929BS-UU

The Kylo Barstool reflects the same refined design language as the armchair, expressed through elevated proportions and a clean, architectural silhouette. A gently curved backrest and generously padded seat provide supportive comfort while maintaining a streamlined profile. The design is available in two distinct styles—fully upholstered for a soft, tailored appearance, or with an exposed wood back paired with an upholstered seat for a more sculptural expression that highlights the natural character of the wood frame.

Crafted with a solid wood structure, the barstool features tapered legs and integrated stretchers that provide both durability and visual balance. A metal footrest adds functional support while reinforcing the stool's hospitality-ready construction.
