

# ALESSI ARMCHAIR

**COLLECTION:** Euro

**EU-945AC**

The Alessi Armchair presents a forward-looking interpretation of lounge seating through its fluid, sculptural geometry and integrated form. The continuous, enveloping backrest flows seamlessly into the arms, creating a cocoon-like silhouette that feels engineered as a single, unified volume. Subtle cutaway sections at the rear and sides introduce a sense of lightness and technical precision, giving the chair an architectural presence that feels both futuristic and refined.

The contrast between the softly contoured seating shell and the clean, linear support structure reinforces the chair's modern sensibility, while balanced proportions ensure visual stability and comfort. Designed to blur the line between furniture and form, the Alessi Armchair brings a progressive aesthetic to contemporary dining and hospitality spaces, offering a bold yet approachable statement rooted in innovation and thoughtful design.
