

HAYES LOUNGE CHAIR

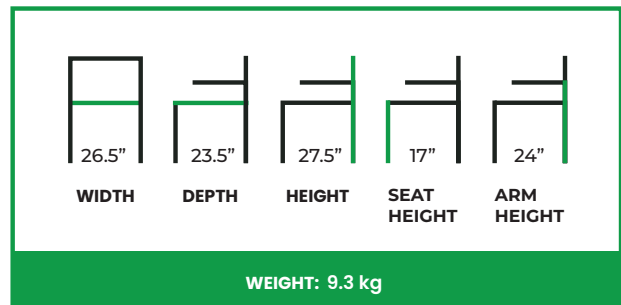

COLLECTION: Euro

EU-956LC

The Hayes Lounge Chair expands the Hayes collection with a more relaxed, low-profile silhouette while preserving its signature sculpted frame. The gently curved upholstered back wraps into the arms, creating a cohesive form that feels both supportive and inviting.

A generously contoured seat enhances comfort, while the exposed wood frame and tapered legs maintain the collection's refined architectural language. The open lower profile keeps the design visually light, making it well suited for hospitality lounges, guest rooms, and collaborative seating areas.
