

# HAYES BARSTOOL

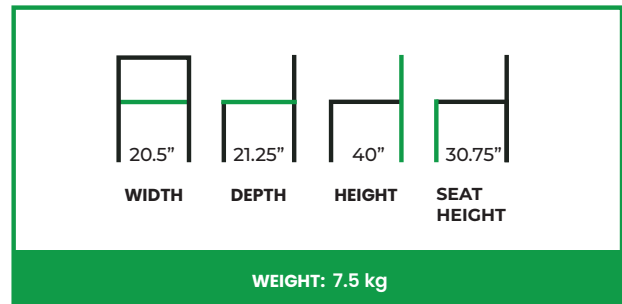

**COLLECTION:** Euro

**EU-959BS**

The Hayes Barstool extends the refined character of the Hayes collection into bar and counter-height applications. Featuring the same sculpted wood frame and gently curved upholstered backrest, this version maintains the collection's signature balance of structure and comfort.

The elevated frame is reinforced with integrated stretchers for added stability, while the contoured seat and supportive back provide ergonomic comfort for extended seating. The open-back silhouette and tapered legs preserve the chair's light, architectural presence, making it ideal for hospitality bars, restaurant counters, and lounge settings.
