

JENA BARSTOOL

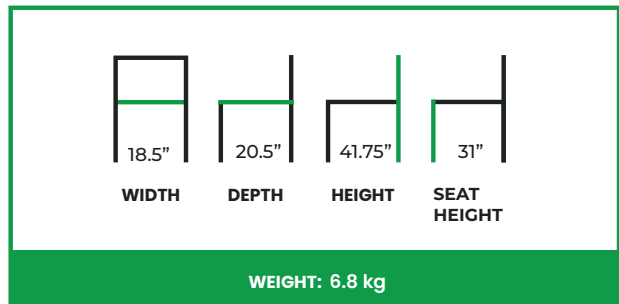

COLLECTION: Euro

EU-976BS

The Jena Barstool is defined by its soft, sculpted silhouette and understated modern character. The gently curved backrest flows seamlessly into the upholstered seat, forming a continuous, enveloping shape that offers both visual cohesion and ergonomic comfort. The smooth, rounded profile eliminates sharp transitions, creating a refined and approachable aesthetic.

Slim, tapered solid wood legs provide a light architectural framework, while the horizontal stretchers reinforce the structure and add subtle geometric contrast. A durable metal footrest is integrated along the front stretcher to enhance longevity in high-traffic hospitality environments without disrupting the barstool's clean lines.
