

# JENA LOUNGE CHAIR HIGH BACK

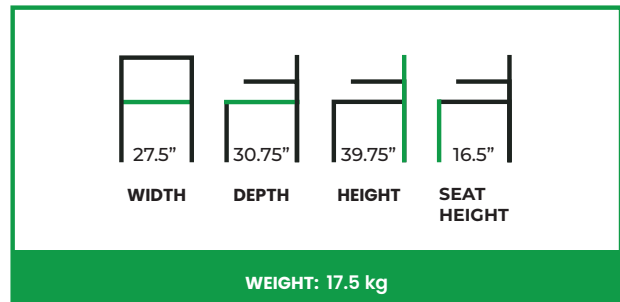

**COLLECTION:** Euro

**EU-977LC**

The Jena Lounge Chair is defined by its sculpted, wraparound form and softly contoured silhouette. The fully upholstered shell curves fluidly from seat to back, creating a continuous enclosure that offers both visual cohesion and supportive comfort. Subtle tailoring along the seat base reinforces the chair's structured geometry while maintaining a relaxed lounge character.

Available in both Standard Back and High Back configurations, the design adapts to different spatial and ergonomic needs. The Standard Back version presents a lower, more open profile suited to conversational lounge settings, while the High Back variation extends the upholstered shell upward, offering enhanced upper-body support and a more pronounced architectural presence.
