

CASSIAN ARMCHAIR WOOD BACK

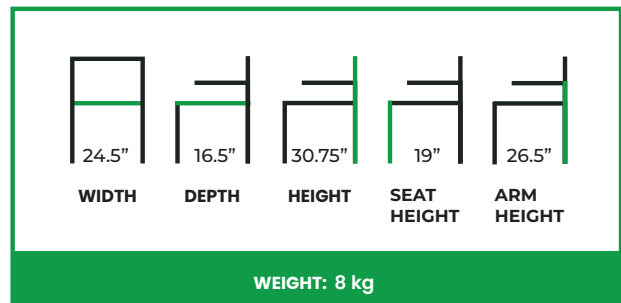

COLLECTION: Euro

EU-986AC-WB

The Cassian Armchair (Wood Back) offers a refined interpretation of the Cassian silhouette through a sculpted, open backrest that emphasizes clarity of form and material expression. The gently curved wood back flows seamlessly into the arms, creating a continuous frame that provides support while maintaining a light, airy presence. Its open structure allows the design to feel visually unobtrusive, making it well suited to dining and hospitality environments where openness is key.

A softly contoured upholstered seat enhances comfort, balancing the firmness of the wood back with everyday support. Clean proportions, smooth transitions, and a well-structured base give the Cassian Armchair a composed, versatile character—ideal for spaces seeking a modern, approachable design with timeless appeal.
