

CASSIAN BARSTOOL WOOD BACK

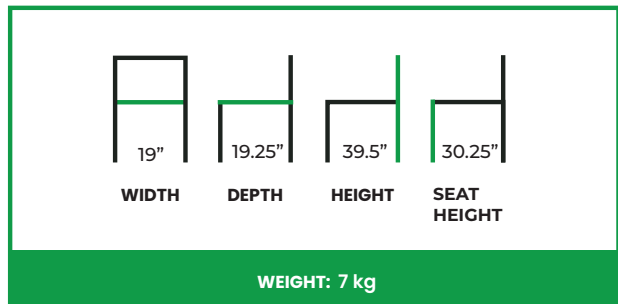

COLLECTION: Euro

EU-988BS-WB

The Cassian Barstool (Wood Back) offers a refined bar-height interpretation of the Cassian silhouette through a sculpted, open wood backrest that highlights clarity of form and material expression. The gently curved back provides supportive contact while maintaining an airy, unobtrusive profile well suited to open dining and hospitality environments. Clean lines and balanced proportions give the stool a composed, timeless presence.

A contoured upholstered seat adds comfort and softness, balancing the firmness of the wood back with everyday support. Supported by a stable, well-proportioned base and integrated footrest, the Cassian Barstool delivers a thoughtful blend of comfort and structure, making it an elegant choice for counters and bars where refined simplicity is key.
