

VETRA BARSTOOL

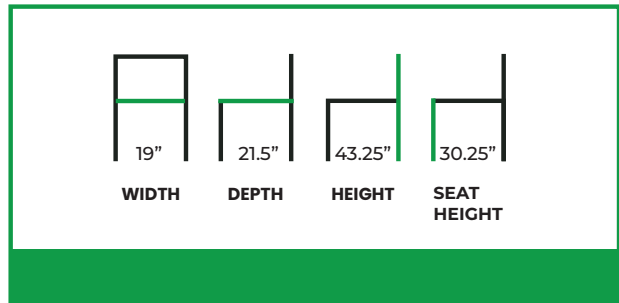

COLLECTION: Fusion

FN-0727BS

Clean and contemporary, the Vetra Barstool presents a refined balance of simplicity and comfort through its crisp, modern profile. The slim black steel frame creates a lightweight, open presence, while the gently rounded upholstered seat and backrest soften the silhouette and provide supportive, everyday comfort. Subtle curves in the backrest add ergonomic ease without disrupting the stool's minimalist character.

Designed for durability and visual versatility, the tubular steel construction ensures long-lasting performance in high-use environments. With its understated industrial influence and polished proportions, the Vetra Barstool is a natural fit for modern bars, cafés, and casual dining spaces where clean design and reliable function go hand in hand.
