

FELOSA BARSTOOL

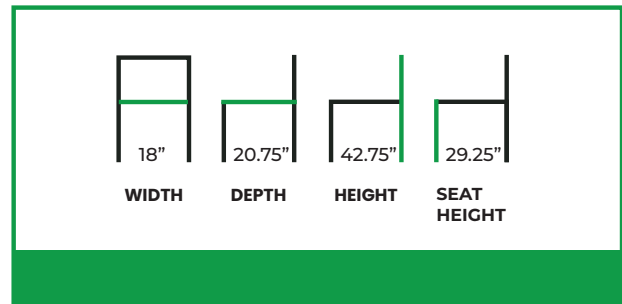

COLLECTION: Fusion

FN-2002BS

The Felosa Barstool presents a refined blend of softness and structure through its gently sculpted silhouette. A contoured seat pairs with a subtly flared backrest to offer supportive comfort while maintaining a light, mid-century-inspired profile. Available with either a fully upholstered back for a softer, tailored look or a shaped wood back that introduces natural warmth, the design balances tactile appeal with the durability of a sturdy aluminum frame.

Angled legs and a streamlined metal footrest provide stability without adding visual weight, keeping the overall form open and approachable. Ideal for contemporary cafés, bar lounges, hospitality settings, and residential kitchen counters, the Felosa Barstool delivers understated elegance and everyday functionality, adapting seamlessly to a wide range of modern interiors.
