

# FELOSA SIDE CHAIR

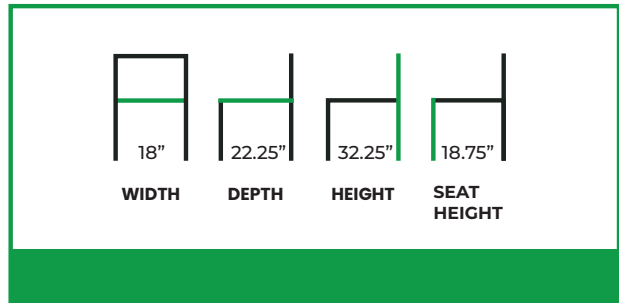

**COLLECTION:** Fusion

**FN-2002SC**

The Felosa Side Chair embodies Scandinavian-inspired design through its clean lines, gentle curves, and understated elegance. Featuring a softly contoured backrest with a subtle inward curve for natural posture support and a rounded seat for everyday comfort, the chair balances ergonomics with visual lightness. Slim, tapered legs and a streamlined frame create an airy silhouette that feels modern yet approachable. Felosa is available with either a fully upholstered back for a softer, tailored look or a sculpted wood-look back that adds warmth and material contrast while maintaining an open, refined profile.

Well suited for restaurants, cafés, hospitality venues, collaborative spaces, and senior living environments, the Felosa Side Chair offers a versatile seating solution designed for extended use. Its thoughtful proportions, supportive comfort, and minimalist form allow it to integrate seamlessly into a wide range of contemporary interiors, making it an ideal choice for spaces that value functional design, durability, and calm, modern aesthetics.
