

ROMANA SIDE CHAIR

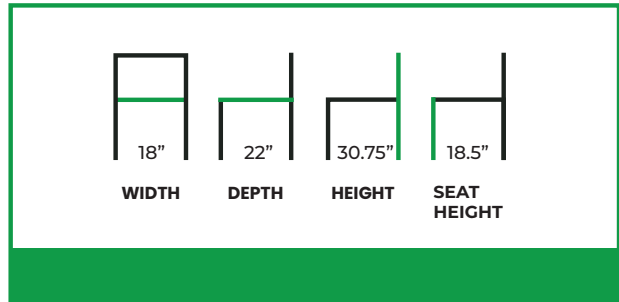

COLLECTION: Fusion

FN-2312SC

The Romana Side Chair brings a confident retro-industrial presence to contemporary interiors through its purposeful construction and expressive form. Built on a durable tubular stainless steel frame, the chair emphasizes strength and stability while maintaining a clean, streamlined profile. The ribbed upholstery on the seat and backrest introduces subtle dimensionality, enhancing comfort through structured cushioning and ergonomic support.

Engineered for high-use environments, the Romana Side Chair includes reinforced crossbars that improve rigidity and long-term performance. Its balanced combination of industrial materials and vintage-inspired detailing makes it well suited for cafés, event venues, and communal dining spaces, where durability and distinctive design are equally essential.
