

JESSICA ARMCHAIR

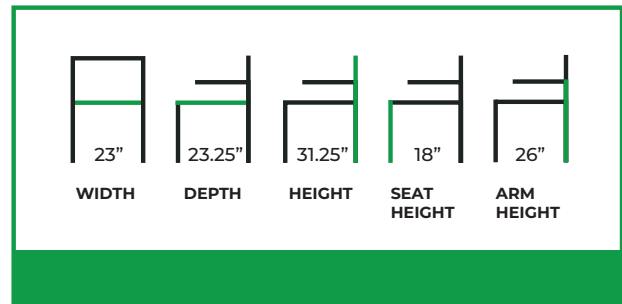

COLLECTION: Fusion

FN-344AC

The Jessica Armchair brings together soft sculptural form and clean architectural structure, creating a piece that feels both refined and inviting. Its gently curved backrest wraps around the seat to provide a supportive, lounge-like sit while maintaining a compact footprint ideal for hospitality and commercial environments.

The fully upholstered inner shell enhances comfort and visual warmth, while the exposed wood frame introduces contrast through its crisp lines and natural material presence. Tapered legs and subtly rounded edges give the chair a light, elevated stance, balancing durability with a sense of modern elegance.
