

BOONE SIDE CHAIR

COLLECTION: Fusion

FN-3461SC

The Boone Side Chair blends mid-century influence with contemporary softness through its gently rounded backrest and generously proportioned seat. The enveloping back creates a supportive, comfortable posture, while the subtly curved silhouette lends a sense of warmth and approachability. Distinct surface transitions along the sides add depth and visual interest, giving the chair a layered, thoughtfully composed profile.

Designed to balance comfort with refinement, the Boone Side Chair is well suited for upscale dining areas, senior living environments, and hospitality lounges. Its sturdy base and carefully considered proportions provide everyday durability and ease of use, while the overall design delivers a polished yet inviting presence across a wide range of interior settings.
