

# VIGGO ARMCHAIR FRETBACK

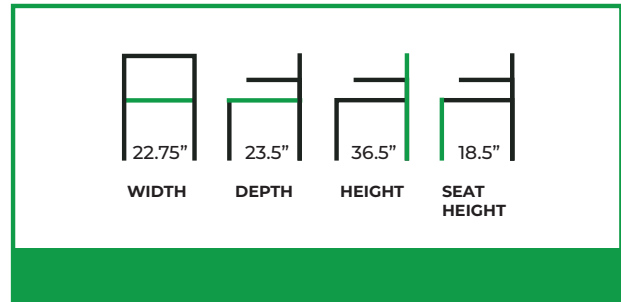

**COLLECTION:** Fusion

**FN-6855AC**

The Viggo Armchair – Fretback builds on classical design influences through its graceful oval backrest, sculpted arms, and refined, well-balanced silhouette. The signature fretback detailing introduces a decorative wood overlay that adds depth, texture, and visual dimension to the chair's composed profile. This layered back treatment enhances the traditional medallion form while maintaining a clean, hospitality-ready presence suited to both classic and contemporary restaurant interiors.

Smooth transitions between the back, arms, and legs create a cohesive structure that feels elegant without appearing ornate or heavy. The fret overlay not only elevates the chair's visual character but also reinforces its architectural integrity, offering a distinctive alternative to fully upholstered back styles.
