

# RODNEY SIDE CHAIR

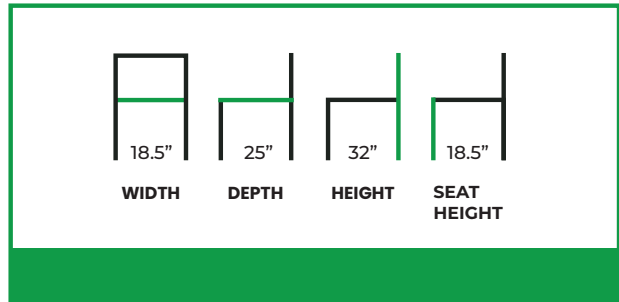

**COLLECTION:** Fusion

**FN-7802SC**

The Rodney Side Chair showcases a striking contemporary profile defined by fluid geometry and balanced structure. Engineered with a durable stainless steel frame, the chair features tapered legs and an open-back construction that creates a sense of lightness while maintaining structural integrity. Its wraparound backrest is carefully shaped to support the body, offering ergonomic comfort without sacrificing its sculptural form.

Designed for modern dining rooms, hospitality interiors, and flexible commercial spaces, the Rodney Side Chair brings architectural clarity to any setting. The combination of refined proportions and resilient construction ensures long-term performance, making it a sophisticated seating solution that seamlessly blends design impact with everyday functionality.
