FN-8221AC

The Viggo Armchair draws on classical design influences through its graceful oval backrest, sculpted arms, and refined, well-balanced silhouette. Smooth transitions between the back, arms, and legs create a composed profile that feels timeless yet well suited to contemporary restaurant interiors. Available with either a fully upholstered back for a softer dining experience or a distinctive ripple back design, the chair offers flexibility in both look and function.

Crafted in durable wood-look aluminum, the Viggo Armchair delivers the warmth of wood with the performance required for high-traffic hospitality environments. Designed for long-term commercial use, it balances strength, comfort, and refined aesthetics, making it a versatile choice for restaurants, cafés, and hospitality spaces seeking enduring style with minimal maintenance.
