

# ELISE SIDE CHAIR

**COLLECTION:** Fusion

**FN-8221SC**

The Elise Side Chair brings refined elegance to dining environments through its graceful oval backrest, turned legs, and carefully balanced silhouette. Drawing on classical design traditions, the chair is offered in three distinct back styles to suit a range of interior expressions: a fully upholstered back for a tailored, sophisticated look; a decorative floral cutout back that introduces artisanal pattern and visual depth; and a signature ripple back that adds sculptural rhythm and a sense of lightness. Subtle detailing, precise joinery, and smooth transitions between elements highlight the chair's craftsmanship while maintaining a composed, structured form.

Designed for upscale dining rooms, boutique hospitality settings, and formal interiors, the Elise Side Chair blends ornamental detail with supportive comfort. Its well-proportioned frame and thoughtfully contoured seat provide lasting comfort for extended use, while the variety of back options allows designers to tailor the chair's character—from understated elegance to expressive detail—without compromising its timeless appeal.
