

KAIN SIDE CHAIR

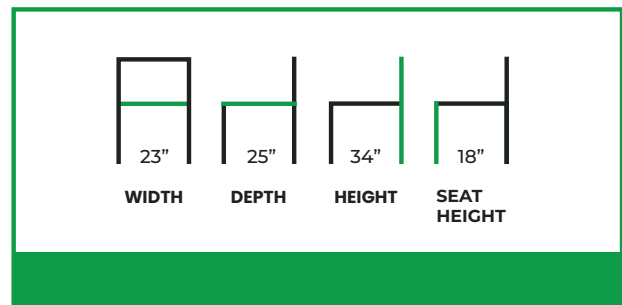

COLLECTION: Fusion

FN-8565SC

The Kain Side Chair is defined by fluid lines and a tailored presence. Its gently sloped backrest flows seamlessly into the seat, creating a supportive, wrap-around feel that encourages relaxed posture. Fully upholstered surfaces soften the silhouette, while the slim aluminum frame outlines the form with subtle contrast and architectural refinement.

Thoughtful proportions and a slightly reclined profile provide lasting comfort for dining, meetings, or extended use. With tapered legs that add visual lightness without sacrificing stability, the Kain Side Chair is an ideal choice for hospitality spaces, senior living environments, and refined commercial interiors seeking a balance of comfort, durability, and understated elegance.
