

GLORY SIDE CHAIR

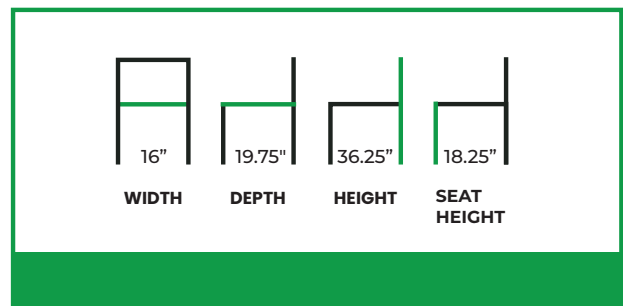

COLLECTION: Fusion

FN-9801SC

Rooted in classic European café tradition, the Glory Side Chair celebrates timeless design through graceful craftsmanship and enduring form. Constructed from solid wood, its iconic steam-bent backrest arches fluidly upward, creating a sculptural profile that is both visually striking and ergonomically supportive. The rounded seat and gently splayed legs reinforce a sense of balance and stability, making the chair comfortable for extended seating despite its compact footprint.

Designed to perform in high-traffic environments, the Glory Side Chair pairs old-world charm with modern durability. Its refined silhouette and warm character make it a natural fit for cafés, bistros, restaurants, and boutique hospitality spaces, where atmosphere matters as much as function. Elegant yet unpretentious, the Glory Side Chair brings authenticity, craftsmanship, and lasting appeal to interiors inspired by classic café culture.
