

WINSTON SOFA BED

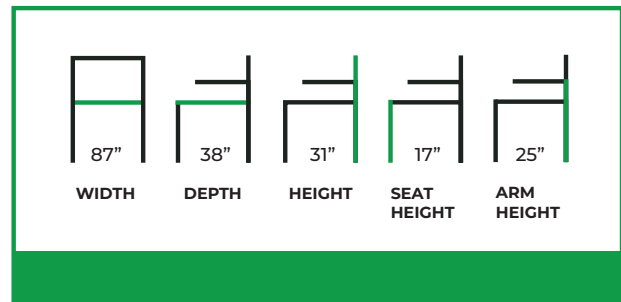

COLLECTION: Sofa Beds

LS-751SB

The Winston Sofa Bed features a refined, contemporary design defined by its clean geometry and low, architectural profile. Broad track arms and a fully upholstered frame create a strong, structured silhouette, while the loose back and seat cushions introduce a softer, more relaxed layer of comfort. The subtle plinth-style base visually grounds the piece, giving it a sophisticated, modern presence suited for upscale hospitality interiors.

Designed to balance style with functionality, the Winston easily transitions from a comfortable sofa into a practical sleeping solution. Its streamlined construction keeps the design visually uncluttered, allowing it to integrate seamlessly into guest rooms, suites, and multi-purpose lounge spaces where both comfort and versatility are essential.
