

TRENTON LOVESEAT

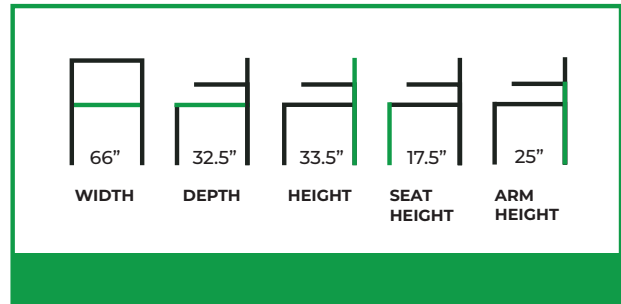

COLLECTION: Sofas

LS-827SF-LS

The Trenton seating collection blends classic detailing with a clean, contemporary profile, offering a versatile design suited for a wide range of hospitality interiors. Its structured frame is defined by straight, tailored arms and crisp upholstery lines, while the button-tufted back cushions introduce a subtle decorative element that adds depth and character. Loose seat cushions provide a comfortable seating experience while maintaining a neat, tailored appearance.

Set on tapered wood legs, the Trenton's balanced proportions and refined silhouette allow it to integrate easily into guest rooms, lounge areas, and public seating environments. Available in both sofa and loveseat configurations, the collection provides flexible seating options while maintaining a cohesive design language.
