

STANLEY SOFA

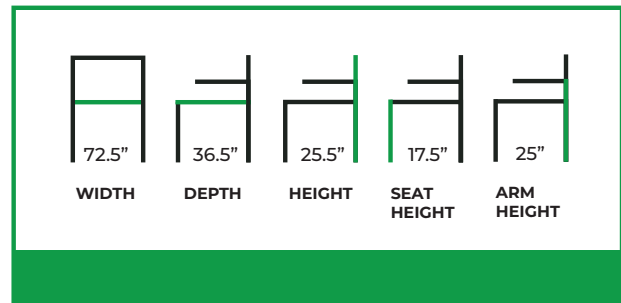

COLLECTION: Sofas

LS-865SF

The Stanley Sofa presents a bold, architectural silhouette defined by its low profile and clean, continuous lines. Fully upholstered from arm to base, the design features broad, softly rounded arms that flow seamlessly into the backrest, creating a cohesive and inviting form. Deep, structured seat cushions enhance the sofa's modern presence while providing generous comfort, making it well suited for contemporary lounge and hospitality environments.

A recessed plinth base grounds the design and gives the sofa a refined floating appearance, reinforcing its strong geometric character. The Stanley Sofa's minimalist structure and tailored upholstery make it a versatile statement piece for guest rooms, lobby seating areas, and lounge settings where a modern yet comfortable aesthetic is desired.
