

ODELL LOUNGE CHAIR

COLLECTION: Lounge Chairs

LS-870LC

The Odell Lounge Chair features a clean, architectural silhouette defined by its squared arms, structured frame, and tailored upholstery. The thick seat cushion sits prominently within the frame, creating a layered profile that adds visual depth while providing a comfortable and supportive seat. A slightly reclined backrest enhances relaxation, while the crisp seams and sharp edges emphasize the chair's modern, refined character.

Supporting the upholstered body is a slim metal base that runs continuously beneath the seat, finishing in minimal metal legs that subtly elevate the chair from the floor. This exposed base introduces a sleek contrast to the substantial upholstered form above, giving the Odell Lounge Chair a balanced blend of softness and structure.
