

# DORION BARSTOOL

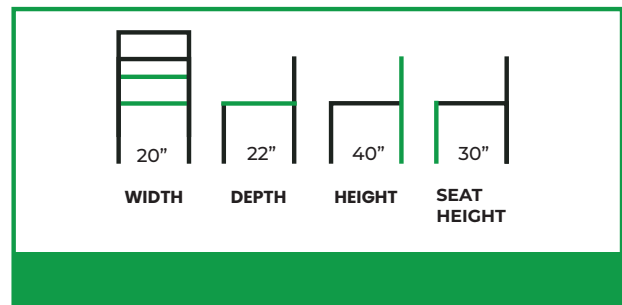

**COLLECTION:** Signature

**SC-007BS**

The Dorion Barstool is defined by a crisp, upright profile that prioritizes support and durability in a compact footprint. Its squared backrest provides straightforward upper-back support while keeping the silhouette clean and unobtrusive at a counter or bar. The seat is thickly cushioned with a flat sitting surface that feels stable and predictable —well-suited to frequent use and quick transitions on and off the stool.

The structure is built around four straight legs connected by a full perimeter stretcher system. This boxed bracing acts as both a footrest and a rigidity frame, distributing load across the base and helping resist racking and wobble over time. With its simple geometry, reinforced under-seat frame, and all-sides foot support, the Dorion is a practical choice for high-traffic hospitality and dining environments.
