

YOHO ARMCHAIR

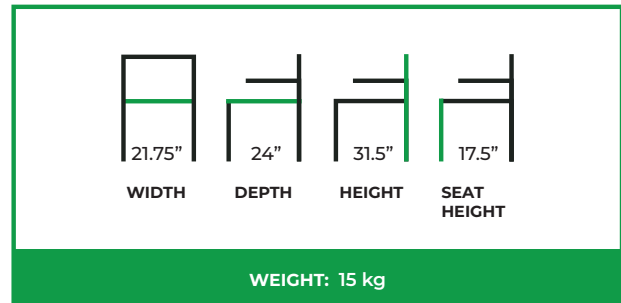

COLLECTION: Signature

SC-042AC

The Yoho Armchair pairs a sculptural silhouette with practical comfort through a clean, minimal frame. Its continuous wraparound backrest forms integrated arms, creating a supportive cradle that encourages relaxed, upright seating while providing natural elbow support. The gently curved back is set at a slight recline to follow the body, and the padded seat adds everyday comfort without adding bulk.

Structurally, the chair is built around a tapered, splayed-leg base that widens its footprint for stability. The arms transfer load into the front and rear posts, reinforcing the frame and helping prevent side-to-side racking. With its open side profile and compact proportions, the Yoho fits easily around dining tables or as a flexible pull-up chair in hospitality and lounge settings.
