

PLANO SIDE CHAIR

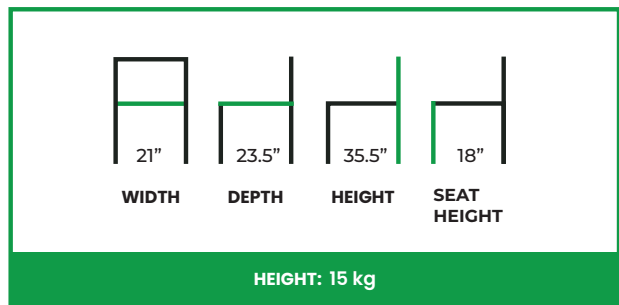

COLLECTION: Signature

SC-069SC

The Plano Side Chair combines a gently curved upholstered shell with a clean, tapered base designed for stable, everyday dining use. The backrest offers consistent upper-back support and is shaped to encourage an upright posture, while the seat is softly contoured for comfortable weight distribution. A small open handle at the lower back improves grip for easy repositioning and adds flexibility without compromising support.

Structurally, the chair sits on four tapered legs set at a subtle splay to widen the stance and improve balance. The upholstered shell is anchored to a rigid under-seat frame that spreads load evenly into the legs and helps reduce flex at the corners over time. With its compact footprint and easy-handling back cutout, the Plano is well-suited for hospitality and dining settings where chairs are frequently moved.
