

VALE BARSTOOL

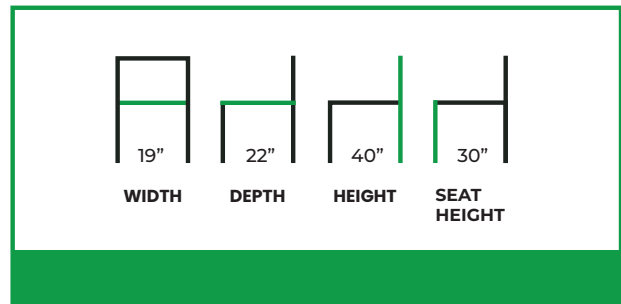

COLLECTION: Signature

SC-538BS

The Vale Barstool streamlines comfort into a simple, supportive bar-height form. Its gently curved backrest provides steady upper-back support without feeling bulky, and the compact seat is proportioned for easy entry and quick movement—ideal for counters where people sit, turn, and stand frequently. The padded seat edge is softly rounded to reduce pressure at the legs and support longer sits.

Structurally, the stool is built on four tapered legs with a subtle splay that increases stability while keeping the profile light. A fixed stretcher frame connects the legs on all sides, functioning as a multi-directional footrest and a bracing system that resists wobble and racking over time. The result is a clean, durable stool suited to hospitality and everyday dining settings.
