

MONTELLO SIDE CHAIR

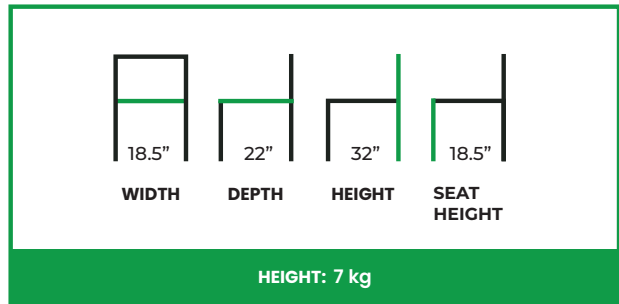

COLLECTION: Signature

SC-716SC

The Montello Side Chair features a refined, modern silhouette with a solid wood frame and tailored upholstery. The design is defined by gently tapered legs and a clean, rectilinear profile that balances visual lightness with structural stability. A fully upholstered seat provides comfortable support, while the upholstered backrest is set within a sculpted wood surround for a subtle architectural detail.

The backrest is slightly angled for ergonomic comfort and supported by solid rear uprights that flow seamlessly into the legs. The seat is generously padded with a smooth, tailored finish and crisp edges. Minimal stretchers and concealed joinery maintain a clean, uncluttered appearance while ensuring durability for contract or residential use.
