

COEN SIDE CHAIR

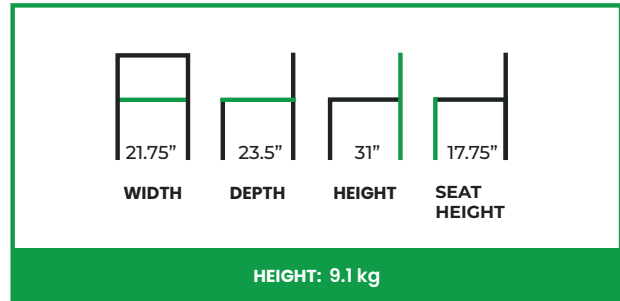

COLLECTION: Signature

SC-783SC

The Coen Side Chair pairs a compact, rounded seat with an elongated oval backrest that provides broad upper-back support while keeping the silhouette light and open. The back is set slightly behind the seat to encourage an upright dining posture, and its wide, continuous surface offers comfortable contact without the need for arms. The seat is softly contoured to promote even weight distribution and an easy sit.

Structurally, the chair is built on a sturdy four-leg base with a reinforced under-seat frame that stabilizes the sitting surface and reduces flex. The backrest is supported by vertical posts that tie into the seat frame, creating a rigid connection that helps prevent wobble over time. With its short overall depth and supportive back, the Coen is well-suited to tighter dining layouts and high-rotation hospitality seating.

KEY FEATURES:
