

# ORRIN SIDE CHAIR

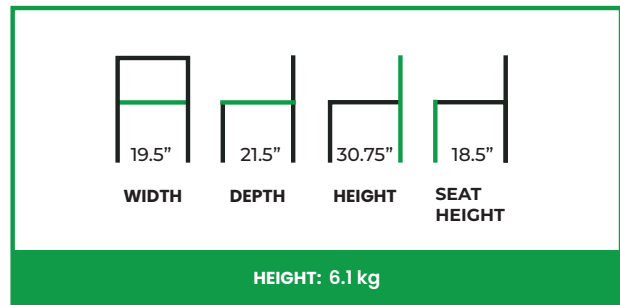

**COLLECTION:** Signature

**SC-796SC**

The Orrin Side Chair is shaped around a sculpted, winged backrest that provides broad support while keeping the chair compact and easy to approach. The backrest's widened top edge offers comfortable shoulder-level contact and subtly guides posture, while the open center section lightens the silhouette and makes the chair easy to pull in and out. A padded seat with a gentle contour supports stable, upright dining comfort.

Structurally, the chair uses a four-leg frame with lightly tapered legs for a balanced stance. The backrest is carried by two rear uprights that tie directly into the seat frame, creating a rigid spine that stabilizes the chair when leaning back. With its armless profile and reinforced back-to-seat connection, the Orrin is well-suited for dining and hospitality settings where durability and ease of movement matter.

## KEY FEATURES:
