

TUCSON SIDE CHAIR

COLLECTION: Envision

ENV-330SC

The Tucson Side Chair combines sleek industrial styling with thoughtful functional details for a look that feels clean, modern, and effortlessly versatile. Its sculpted metal frame creates a streamlined silhouette, while the perforated backrest adds visual texture and a lightweight, airy feel. A contoured wood seat softens the design with warmth and contrast, balancing comfort with durability.

Designed for dining spaces, cafés, hospitality settings, and contemporary commercial interiors, the Tucson Side Chair delivers a refined mix of utility, comfort, and modern character.
