

ALVA BARSTOOL

COLLECTION: Envision

ENV-512BS

The Alva Barstool blends sculptural simplicity with contemporary sophistication, combining rich wood tones, upholstered comfort, and slender metal detailing into a refined hospitality statement. Its softly contoured backrest and cushioned seat create an inviting silhouette, while the slim steel frame introduces a light, architectural presence that feels both modern and timeless.

Thoughtfully balanced between warmth and elegance, the Alva Barstool brings visual character to upscale dining spaces, cocktail lounges, cafés, and contemporary bar settings. The contrast of natural wood grain, tailored upholstery, and brushed metal accents gives the design a curated, residential-inspired feel while maintaining the durability needed for commercial interiors.
