

CAESAR BARSTOOL

COLLECTION: Envision

ENV-771BS

The Caesar Barstool delivers a clean, understated aesthetic with softly contoured wood surfaces and a lightweight metal frame. Its minimalist profile and curved plywood seat and back create a comfortable, approachable design suited for modern hospitality, café, workplace, and residential environments.

The slim tubular base adds visual lightness while maintaining durability, making the Caesar Barstool an ideal choice for flexible dining and social spaces. With its balance of simplicity, functionality, and warm natural materials, the design offers a refined contemporary look that integrates effortlessly into a wide range of interiors.
