

PETAL ARMCHAIR

COLLECTION: Fusion

FN-7310AC

The Petal Armchair is a study in harmony, where structural poise meets organic fluidity. Crafted with a frame featuring a wood-look metal finish, its structure traces a continuous, elegant line, curving gracefully along the armrests before settling into sleek, tapered legs. The design celebrates negative space: an open top rail delicately frames the backrest pad, allowing light and shadow to play through its form, imparting a sense of weightless sophistication to the room.

Sculpted for both eye and body, the chair balances crisp geometric lines with soft, inviting contours. The tailored seat and contoured back pad sit in effortless balance within the sleek boundary, creating a silhouette that feels like a piece of functional sculpture. It is an intentional, artfully proportioned piece designed to quiet the noise of a room while leaving an undeniable impression of craft and restraint.
