

MICKEY SIDE CHAIR

COLLECTION: Signature

SC-033SC

The Mickey Side Chair pairs fluid, continuous upholstery with an expressive architectural base. Its focal point is an enveloping, hour-glass curved shell that swoops down from a broad, softly rounded backrest into a seamless seat pad. A central seam along the rear spine highlights its tailored craftsmanship and dynamic form.

Supporting the curved upper shell are round, splayed wooden legs reinforced by an H-frame stretcher system, grounding the soft geometry with structural stability and refined, modern balance.
