

CARMILLA ARMCHAIR

COLLECTION: Signature

SC-681AC

The Carmilla Armchair commands attention through a tailored balance of geometric precision and welcoming structure. Defined by its striking diamond-quilted interior, the plush backrest, arms, and seat cushion form a sculpted cocoon that invites total relaxation without sacrificing sophisticated form.

Its gentle, sloping silhouette transitions seamlessly into integrated armrests, wrapping around the sitter with an organic flow. In dynamic contrast to the intricate lattice stitchwork inside, the chair's exterior shell features a smooth, clean aesthetic that showcases its elegant, rounded profile from behind. Grounding the piece is a sturdy solid wood base with subtle tapered legs, offering a refined architectural anchor that lifts the cushioned body for a light, suspended look. Perfect for high-end dining venues, executive lounges, or boutique reading nooks, the Carmilla delivers timeless structural poise and expressive comfort.
