

TERRY SIDE CHAIR

COLLECTION: Signature

SC-801SC

The Terry Side Chair achieves a tailored, quiet sophistication through monolithic lines and subtle frame details. Its defining feature is a plush, fully upholstered backrest neatly framed by slim wooden uprights that expose just a sliver of edging along the sides, giving the back an integrated, inset appearance.

The seat cushion rests flush atop a solid wooden apron, flowing into slightly tapered, faceted legs with crisp corner joints. With its clean boxy geometry, refined tailoring, and unadorned silhouette, the Terry Side Chair delivers a grounded, versatile presence for contemporary dining spaces.
